UniLodge

UNILODGE UNDER 18'S

UniLodge is more than a Property Manager. We are an organisation recognised internationally for our expertise in the provision of Student Accommodation, with extensive experience in creating active communities where students can maximise their student life. Our residences are happy, safe and comfortable environments where students can be part of an inclusive community. A key offering is our expertise in providing accommodation for students under the age of 18.

UniLodge has a deep understanding of the legislation in relation to accommodation for Under 18s and delivers a service which meets the heightened duty of care and ensures the safety and wellbeing of our of Under 18s.

To ensure that we deliver on this service, our Under 18s program is supported by a solid operating platform of processes and procedures, staff training and development, all of which underpin the delivery of this niche service offering.

Our Under 18s program includes:

- Trained staff with police checks and working with children checks
- Students are met on arrival
- Under 18s Orientation
- Strict curfew times and processes
- Single sex apartments
- Security and monitoring
- No tolerance policy on alcohol, smoking, drugs and gambling
- Regular communication with Parents / Guardians
- Pastoral care
- Processes for students with medical conditions and or illness
- Processes to ensure student issues are escalated and handled in a professional and caring manner

Understanding how difficult it can be for young people, especially those arriving from overseas, to meet new friends and settle into their new environment, UniLodge ensure that our Community Spirit Program (CSP) is Under 18s friendly. CSP is designed to offer a wide range of activities for our Under 18s to ensure that that they are able to interact safely in their new environment and to enable students to safely explore all that Australia/New Zealand has to offer.

A select range of UniLodge properties provide accommodation for Under 18s. Please visit our property pages for further details.
